

The Nursery is vitally important.

The Nursery Ministry:

- Allows parents a worry free time to worship God
- Keeps children age 5 and under safe and healthy
- Establishes an I-like-to-be-at-church attitude in children
- Teaches children about God and Jesus

Nursery volunteers perform a major role in ensuring that children see and experience God's unconditional love. It is a ministry vital to the work of the church.

Nursery activities may include:

- Free play
- Coloring
- Singing
- Simple games and finger plays
- Snack time
- Story time
- Occasional changing of a diaper when appropriate

Nursery volunteers, please remember to:

- Greet parents and children by name
- Introduce yourself if you do not yet know them
- Ask parents to fully fill out the nursery registration at every visit
- Enter your name and date on the registry sheet

*For the health of every one,
sick children should not be
in the nursery.*
